

THE KAPOK ROOM

March 1, 2011

**“The things he sees are not just remembered;
they form a part of his soul.”**

Maria Montessori

I have had some parents ask me about buying items for the classroom in order to fulfill workpay hours. I have put together a list of things that can be purchased from Montessori Services. If you would like a copy of it let me know and I can e-mail it to you.

WHAT BEAUTIFUL WEATHER WE HAVE BEEN HAVING!

Since the weather has been so nice these past couple of weeks, we have been trying to go outside more with the children. The children have been doing more gardening and watering plants on campus. Last week, the afternoon class did a campus observation. They went around the campus and wrote down things that they observed. Afterwards they drew illustrations of what they had written down. This week the afternoon class is going to do a scavenger hunt on campus and the younger children will study parts of a flower. They will be looking at a hibiscus, due to the fact that it is so easy to see all of the parts.

Star of the Week

Feb. 28th-March 4th

Milo Marsh

March 7th- 11th

Marlee Prigge

March 21st-25th

Lily Kaufman

Spring
Break
March
14th-18th

This week is Montessori Education Week, so we will be talking about Maria Montessori.

Next week we will be learning about muscular dystrophy and next Friday the children will be participating in the MDA Hop-a-Thon. The MDA Hop-a-Thon is a disability awareness, acceptance and education program that teaches children the three core values of **awareness, acceptance and assistance to others**. You will receive more information on the Hop-a-thon in your take home folders on Thursday.
