

Mangrove News

March is here already!! Since it is a new month the Mangrove class will be learning about a new topic! This month we will be discussing SPACE. Although space is a bit of an abstract concept for our friends, it is still a good idea to give them the vocabulary and discuss what is above the horizon. We encourage you all to take your children outside at night and talk about what you see.

Also in March we will be working on counting and numbers. The children have been doing an excellent job singing our elephant song in espanol. If you come into the classroom with your child before drop off, you will notice our cubby tags are numbers. If you have the time, take a few minutes and discuss with your child the numbers their friends' photos are on. You may be surprised by how much they can tell you about each of their friends.

On Friday, March 11th, all of us here at the Children's School will be participating in a Hop-A-Thon! This is a chance for everyone to learn how we are all different and the same. We strive to teach all our young friends awareness and acceptance and we encourage you to do the same at home. Information will be sent home in Thursday folders regarding the Hop-A-Thon.

For our wish list this month, we have put together a list of things our class would

enjoy from the Montessori Services catalog. If you're feeling generous or need to take care of some final work pay hours grab a copy from the picnic table at drop off. Just let one of the teachers know which items you purchased so we don't get any doubles.

Thank you so much for all of your support
and generous donations!

Ms. Andrea, Ms. Jen & Ms. Tina
