

The City of Key West values our partnerships with SOS, Pal Gym, and Montessori School of Key West in use of the City Hall parking lot during business hours.

We are sharing the above diagram to ask your cooperation to ensure residents have access to parking when conducting City business. City Employees received a similar notification this week.

Parking enforcement will be providing courtesy tags for vehicles violating this guidance as we work together to provide the best service we can.

RED areas are reserved for City Vehicles and Employees. This includes a small area for SOS vehicle loading.

GREEN areas are for City Business as noted or our multi-use short-term for SOS, PAL, and Montessori.
